

## Jackie Sparks

### Artist Statement

I was born and raised in Southern Idaho, and I consider myself to be a small town, western sort of gal. Living on 2+ acres of land near a small village in New Mexico is my idea of heaven.

I am a watercolorist and I love the light, colors and shapes in the Land of Enchantment.

My painting goal is to "capture the essence" of the scene before me. Once I am satisfied with a painting, it is scanned into the computer. The scanned paintings are then turned into notecards or calendars. The notecards and calendars are my way of sharing my art.

In my "other life", I coordinate computer training for the staff in NM Public Health Offices. Creating the watercolor notecards and calendars combines my computer skills and artistic talents.

I enjoy spoiling the cats, being outdoors, painting and traveling. Some of my favorite nearby places are the Grand Tetons in Wyoming and Canyonlands and Arches National Parks in Utah. So far, my international travel has been limited to Germany and Turkey, so there are many places and many people still to see.

Jackie and Negrita, the newest family member.

# Notecards

## Animal Series

10 cards, one of each delightful full-color design.

Clip Art © RT Computer Graphics, Inc, NM, [www.rtcomputer.com](http://www.rtcomputer.com)

## Celebrate Series

10 cards, two each of the 5 celebrating "petroglyph" images.

Clip Art © RT Computer Graphics, Inc, NM, [www.rtcomputer.com](http://www.rtcomputer.com)

# Ordering

All cards come attractively packaged in boxes of 10, with 2 cards each of 5 images, except Animals, which has one card each of 10 images. Card stock is recycled and acid-free. Watercolor cards and calendar images are scans of the original art work by Jackie Sparks, who signs each image. Animal and Celebrate series designs are from Clip Art © RT Computer Graphics, Inc. NM, [www.rtcomputer.com](http://www.rtcomputer.com).

All cards are blank inside.

Calendars are printed on acid-free paper, with sturdy binding and are ready to hang.

| Qty | Item                            | Cost each | Total  |
